OSLO TO REYKJAVIK

15. JANÚAR 2010 - 11:52

We have had a very fruitful week in Oslo, meeting various designers and actors in the field of sustainability and actually visual communication. Rejao and David received a course in stop-motion in the school in Fredriksstad and they had good location in the media lab in The [Oslo National Academy of the Arts](#). In [Dinamo advertizing agency](#) they vere given a crash course in studio photography by our friend [Jonni](#). I attended various meetings about the development project for the new academy in in Mozambique [ISAC](#). The project continues but I still wait for news about if we get some funds to continue.

The photo shows Rejao and David walking to the airport with the two new computers that we were given by the staff in Dinamo. Great work and thanks to all!!
